MTA  | LEADING AUTOMOTIVE INNOVATION

MEMBERSHIP

The Motor Trades Association of Queensland (MTA Queensland) was established in 1929 and is the peak body representing the retail, service and repair sectors of Queensland's automotive industry. Member benefits include:

- **Advocacy:** We will represent you to state and federal governments on BIG issues affecting your business and the industry
- **Services:** Receive FREE expert advice on Industrial Relations matters
- **Training:** Receive 20% off MTA Institute's non-government funded courses
- **Support:** We offer support through our corporate partners, online resources, weekly communication bulletins, Jobs Board, *Motor Trader* E-Magazine and numerous savings and discounts
- **Innovation:** Stay at the front of cutting-edge information and business solutions connected to the automotive digital revolution with access to events and MTAiQ

PROFESSIONAL CIRCLE

The Professional Circle is a symbol that represents 'proof of professionalism' in the automotive industry.

MTA Queensland members that display the Professional Circle are recognised as trusted professionals committed to the benchmark of industry standards operating under the 10 Commitments:

Honesty | Professionalism | Transparency | Courtesy | Integrity | Care | Clarity | Proactivity | Accountability | Compliance

MTAiQ

MTA Queensland has established MTAiQ, Australia's first automotive innovation hub, a facility that offers an eco-system that supports innovation in the motor trades by bringing together mentors, investors, coaches, commercial partners and industry experts.

The hub supports start-ups, entrepreneurs and innovators, as well as existing businesses needing guidance and support to transform and adapt to market opportunities.

MTA INSTITUTE

The MTA Institute is the leading automotive provider for training and apprenticeship delivery in Queensland, offering nationally recognised training in technical, retail and the aftermarket sectors. Our trainers are recruited directly from industry and offer unique workplace training state wide.

APPRENTICESHIPS AND TRAINEESHIPS

The MTA Institute offers a full suite of nationally accredited automotive apprenticeships and traineeships in the fields of Light Vehicle, Heavy Vehicle, Motorcycle, Mobile Plant, Automotive Body Repair, Refinishing and more.

In addition, accredited short courses for licensing requirements are available for Motor Vehicle Sales, Dealers, Wreckers and Automotive Air-Conditioning. We also offer non-accredited short courses in MIG Welding, Paintless Dent Repair, Hybrid Electric Vehicles and Common Rail Diesel Injection.

Benefits include:

- **Trainers with extensive industry experience**
- **On-site one-on-one workplace training**
- **Flexible employer arrangements**
- **State-of-the-art training facility**
- **Online learning capability**
- **Free wi-fi at our training facility**
- **Strong connections to government agencies and industry stakeholders**
- **Well established relationships with international bodies**
- **Potential promotion through *Motor Trader* e-magazine, website stories and social media**
- **Unique student opportunities**
 - Pathway to motorsports
 - Apprentice of the Month and Year Awards
 - Overseas scholarship opportunities
 - Links to employers that are members of MTA Queensland
 - Access to jobs board
 - Graduation ceremonies
